BID ADDENDUM

The chlorine Producers have declared Force Majeure a combined eleven times since 2021. Chlorine supply remains on strict allocation. In September 2022, all chlorine shipments in the nation were halted for a week, and were behind schedule for several more, due to the threat of a rail strike.

JCI has no control over raw material supply or its transportation, and we must ensure that we are not penalized should we be rendered unable to deliver by any disrupting event beyond our control.

Therefore, JCI must respectfully insist on including the following Force Majeure clause, or one of your choosing that is approved by JCI, as a term of our bid and any related contract that may be issued.

FORCE MAJEURE: JCI Jones Chemicals shall not be responsible for damages or delays caused by Force Majeure nor other events beyond its control and which could not reasonably have been anticipated or prevented. For purposes of this Agreement, Force Majeure includes, but is not limited to, adverse weather conditions, floods, epidemics, war, riot, strikes, lockouts, and other industrial disturbances; unknown site conditions, accidents, sabotage, fire, and acts of God.

Please note that Force Majeure is of no relation to pricing- it is supply related only. JCI's pricing and price terms will always remain as-bid regardless of Force Majeure status.
